Subject: Whiting spill

Hi Pete, As requested forwarding my questions on the situation at Whiting:

What caused the spill at Whiting?
When did it occur/or when was it noticed?
Is the oil that spilled into the lake contained?
How long was oil being discharged from the refinery?
How much oil spilled?
Has there been any assessment about impact on the lake/water quality?
What has been done to contain the spill and clean it up?

Thanks again,
Jeff
